INVESTMENT:

The once-off fee for the complete system is \$270*. The only other charge is 20* cents per message per recipient. Pre paid amounts of any value are available by arrangement. Monthly accounts will be sent detailing usage and remaining amount of credit available. Post paid usage invoiced monthly in arrears.

DELIVERY:

We are now offering full electronic provisioning in order to minimise our carbon footprint. We will be in contact within 3 business days of receiving the completed order form to advise the web address of your system and to set up the required administrator access credentials. We will then send via email the full starter pack with database setup details, administrator user guides, suggested message templates and an example letter to parents.
